PT. Gearindo Prakarsa Overview

Introduction

PT. Gearindo Prakarsa is a national, private-owned company with head office located in Duren Sawit, Jakarta. Established in 1993, currently Gearindo Prakarsa employs more than 100 personnel throughout Indonesia. Its Fabrication area of more than 10.000 square meters is located in Desa Tamansari Kecamatan Setu - Cibitung. Our experiences include in spools fabrication, valves overhaul, valve actuators, heat exchanger and cooling units as well as to built electrical panels and preparation of MCC for nitrogen plant. We serve all the job especially for the international oil company.

PT. Gearindo Prakarsa fabrication yards is occupied with a complete set of precision equipments, electrical tools, instrumentation equipments, insulation, machining area, blasting/painting area, maintenance shop, warehouse & storage room, tool room, electrical room, X-ray area, and other supporting facilities.

PT. Gearindo Prakarsa has implemented a full commitment of Quality Management System standards applied in all its working procedures since 2003. ISO 9001:2008 allows Gearindo Prakarsa to offer the highest quality control and assurance for its products and services throughout the working process. PT. Gearindo Prakarsa also implements OHSAS 18001:2007.

Scope of Services

PT. Gearindo Prakarsa shops contain a variety of precision equipment capable of working to tolerances that will satisfy your most stringent specifications. PT. Gearindo Prakarsa available to experienced in the following:

- **Technical Service for Engineering/Design, Construction and Commissioning;**
- **Steel Fabrication & Construction;**
- **Piping Fabrication & Installation;**
- **Maintenance;**
- **Electrical & Instrumentation Work;**
- **Welding Services;**
- **Blasting Painting; and**
- **Labor Supply.**
- **Magnetic Robotic Crawler
Provide UHPWJ**

PT. Gearindo Prakarsa Services

Gearindo Prakarsa has implemented a full commitment of Quality Management System standards applied in all its working procedures since 2003. **ISO 9001:2008 & OHSAS 18001:2007** allows Gearindo Prakarsa to offer the highest quality control and assurance for its products and services through out the working process, including: engineering, procurement, fabrication, construction, installation, and other on-site activities.

Gearindo Prakarsa offers services in electrical, mechanical, electrical & process instrumentation, civil, structural, pipelines, storage tanks, and construction for Oil & Gas Industry in Indonesia. Gearindo Prakarsa provides a full range of services to its clients, start from site survey, engineering design, CAD drawing, cost estimate, procurement, supply, quality control/quality assurance, fabrication, construction, installation, and commissioning.

Gearindo Prakarsa past and current project includes:

1. Engineering design, construction, installation, and commissioning;
2. Steel structure for building, tower, etc.;
3. Pipe works : flow line (water, gas, oil), LGP system (complete with instrument accessories), pipe spool, plumbing (with hydrant), etc.;
4. Fabrication of applied-mold with different sizes, steel support, bracket, etc.;
5. Machining: steel machining (of pump, compressor, valve), etc.;
6. Onsite inspection of equipment and installation system with emphasis in troubleshooting and correction handling;
7. Valves Reconditioning (different types and sizes);
8. Repair and overhauling of compressor, pump, etc.;
9. Electrical/instrumentation: power supply system, lighting plant system, panel and UPS Installation;
10. Labor supply, with more than 10 years experience (Engineer, Welding Inspector, Welder SMAW/GTAW, Rigger, Scaffolders, Painter, Blaster, etc.).

PT. Gearindo Prakarsa

Vision & Mission

Vision

Gearindo Prakarsa commits to
SAFETY FIRST.

Gearindo Prakarsa delivers product service
with **QUALITY AT THE HIGHEST.**

Gearindo Prakarsa succeeds through
**RESPECT THE PEOPLE AND
CONTINUOUS IMPROVEMENT.**

Mission

Developing skill and knowledge in
engineering, procurement, construction
and installation; empowering teamwork
through recruitment, training, education,
and experience; towards the highest
quality products/services, most
productive/efficient working process,
and the highest return to shareholders.

Head Office, on the 3rd Floor.

Cubical Office for 70 people with
9 Supervisor/Manager rooms
Head Office, on the 5th Floor.

Meeting Room

Boardroom or Executive Meeting Room with 20 seats complete with white board, wide screen for overhead projector and a big TV.

Ballroom

Ballroom Capacity on the 6th Floor can accommodate 200 - 300 people

Workshop

WORKSHOP I

Jl. MT. Haryono No. 78
Ds. Taman Sari, Kec. Setu,
Bekasi 17320 Jawa Barat
Phone : (021) 8260 2121, 8260 2222
Fax : (021) 8260 2345

WORKSHOP II

Jl. Raya Margomulyo No. 53 A
Balongsari, Kec. Tandes
Surabaya 60186 Jawa Timur
Phone : (031) 749 2099
Fax : (031) 749 5453

WORKSHOP III

Jl. Tanjung Uncang RT 03 RW 01
Kel. Tanjung Uncang, Kec. Batu Aji
Batam - Kepulauan Riau

Workshop Capability

WORKSHOP JAKARTA YARD CAPACITY AND CURRENT WORKLOAD OF THE YARD

Total Area Work Shop	12.940 M ²
Total Open Area	5.900 M ²
Outside Storage Area	1.407 M ²
Painting & Blasting Area	1.352 M ²
Fabrication Area Total	2.795 M ²
Space Working Load	1.487 M ²

Workshop Facilities:

- 6 phone lines
- 1 facsimile line
- B/W printers
- Color printers
- Copy machine
- Scanner
- CCTV
- Internet & email line.

Support Facilities :

- Dark Room
- Blasting / painting area
- Machinery equipments
- Welding equipments
- Warehouse / storage area
- Material, consumable and tool room
- Maintenance room
- Loading area
- Spacious parking area for trucks
- Overhead crane until 10Ton.
- Large meeting room
- Client representative room c/w internet connection for each room.
- Security room
- Praying room

Overhead Crane 10 Ton

Overhead Crane 7,5 Ton

Pipe Spool Fabrication

Pressure Vessel Fabrication

Steel Structure Fabrication

Storage Tank Fabrication

PWHT Capability

Provide By Third Party

Pre Heat Treatment Capability

Provide By Third Party

Machining Capability

Painting/Coating Capability

Gearindo Workshop have equipped with painting/coating facilities.

Sand Blasting Capability

Gearindo Workshop have equipped with painting/coating facilities

Max. Pipe Diameter

Gearindo Workshop can fabricate pipe max. Ø 36 Inch.

Max. Pressure Vessel Diameter

Gearindo Workshop can fabricate Pressure Vessel max. 40 Inch Diameter.

Max Weight/Component

Gearindo Workshop can hold weight max. 10 T/ Component

Max. Tank Diameter

Gearindo Workshop can fabricate Tank max. Ø 24 Mtr

Portable Welding Machine

c/w Accessories, Engine Type, capacity 400 Amp.
Currently Gearindo have portable welding machine engine type : 24 unit in good condition.

Portable Welding Machine

c/w Accessories, Transformer Type, capacity 400 Amp.
Currently Gearindo have portable welding machine transformer type : 44 unit in good condition.

Oxy-Fuel Cutting

completed with Accessories.

Hand Grinding Machine 4" & Machine 7"

Auto release, completed with Accessories.
Currently Gearindo have Hand Grinding Machine 4" c/w accessories ; qty : 100 unit.
Currently Gearindo have Hand Grinding Machine 7" c/w accessories ; qty : 50 unit.

Pipe Cutter and Beveller

Various diameter size

Portable Compressor Machine

Accessories Located in temporary compressor storage.

Threaded Machine

completed with accessories, various size.

Plate Cutter and Beveller

Various diameter Size

Hydrotest Equipment

set completed with accessories

Forklift with capacity 5 Ton

Manual Hydraulic Truck

We have proper and sufficient manual hydraulic truck to support our handling material in Workshop.

Rigging Equipment Set

Storage in Tools Room

Portable Drilling Machine

various size

Electrical Power Supply

(PLN) with back up emergency generator set completed with Accessories, Engine type, Capacity 250 KVA

Hydraulic Press Machine

Vertical Drill

Telecommunication System and Connection

Gearindo have develop telecommunication system use Telkom & PABX.

Compressed Air System

One line compressed air system available to support blasting process.

Proper and suitable lighting system for night time work.

Gearindo have develop a suitable lighting system of each zone of fabrication to support fabrication in night shift work.

Fire Hydrant System include sprinkler line system and required fire extinguisher inside Workshop.

Fire Hydrant System in progress to develop while sprinkle line system refer to Government regulation required for building over than 4th floor. At the moment we have fire extinguisher inside Gearindo Workshop.

Looker Room

Gearindo have 1 room for locker with 50 locker.

Toilet & Wash Room

Available 2 room for worker Toilet for Staff/visitors and craftsman include wash room.

Blasting Facility

We have 2 air circulating system connected with Exhaust Fan, PPE, Equipment Safety monitoring and Sufficient Lighting system to ensure the Blasting process do it Safely, Quality and Properly.

Workshop Storage

Our main workshop have store facility to store raw materials, lifting tools, consumables, PPE etc.

Flammable and Hazardous Material Store

We have arrange specific area allocated to store Flammable and Hazardous Material such as gas cylinder in bottle storage, paint material in paint storage and radioactive & NDT chemical store in proper place.

We have suitable well maintained NDT Processing Room include with chemical storage and equipped with necessary safety equipment located in safe room on the backside of workshop.

Tools Set and others specific equipment

Gearindo have tools set and others specific equipment available in tools room.

Administration Office

The administration office shall at minimum comprise of:

- Meeting Room
- Office for BP Representative
- Document Room
- Laptop Computer & Desktop Computer
- Photo Copy Machine
- Fax Machine
- Printer Color and Black & white
- Scanner

Hydrostatic Area

We have a suitable safe area located adjacent to emergency exit on backside corner. Necessary safety sign have installed in this area.

Scaffolding Storage Area

We have a suitable safe area for scaffolding located in Warehouse Curug Kalimalang.

Radioactive Storage Facility

Located in back of workshop **Barricade**, We cover the radioactive area with warning sign and safety line

Magnetic Robot Crawler

Versatile Magnetic Crawler for vertical cleaning of large flat, unobstructed areas.

The Magnetic Crawler can be converted to a swing arm with 8 sapphire or diamond jets for removal of marine growth, general washing or cleaning along the edges or to a vacuum/dome cover remotely operated crawler with rotating nozzle carrier and up to 20 sapphire or diamond jets for a cleaning path of 400mm to WJ-2 (equivalent to Sa 2.5).

With four independent electric motors for extra traction and sharp turns and strong magnetic attraction (200% stronger than the nearest revival), the Magnetic Crawler can outperform all rivals. Dhis machine will be operate with UHPWJ 1 Unit.

List of Experiences

Gulf Resources (Grissik) Ltd.

- Offshore Welding and Equipment Services (Contract No. TE-10496/ENG).
- Nitrogen Services (Contract No. GCCJ – 5593).
- Fencing and Lightning Installation Services (Contract No. GPC-4803).
- Fencing and Lighting Services (Contract No. GCCJ-6451).

PT. Caltex Pacific Indonesia

- Repair, Coating and Related Services Tank 206 Tank farm Dumai (Contract No. SO/HCT/085/CADM/GP/02).
- Repairing of Wash Tank 1 Bekasap GS (Contract No. BKS/OPR/047/BKSF/GRP/2002).
- Perencanaan dan Fabrikasi Pig Launcher & Receiver pada Jalur Pipa Gas/Minyak Mentah Uk. 4", 6", 18" dan 36" (Contract No. PSN/SO/048/HCT/GP/2003).
- Construction of Repairing Shipping Tank Bekasap GS (Contract No. RBI/RC/007/PRO/GRP/04).

PremierOil Natuna Sea B.V.

- Provision of Blanket Fabrication and Maintenance Services (Contract No. TD-14120183).
- Provision of Offshore Routine Construction Works and Painting for Production Facility (Contract No. 12130037-OB).
- Provision of Routine Construction Works for Production Facility Maintenance (Contract No. CO-09-072).
- Provision of Painting Maintenance Services – 2 Years Blanket (Contract No. CO-09-0126).
- General engineering & Field Maintenance Support (Contract No.CO-03-0012).
- General Engineering & Field Maintenance Support (Contract No.CO-04-0014).
- Replacement of FPSO Fire Water Line Modification (Contract No. CO-06-002).
- Provision for Onshore and Offshore Works for Anoa IP System Project (Contract No.CO-07-115).
- Offshore and Onshore Minor Works and Maintenance Support Services (Contract No.CO-07-143).

ConocoPhillips Indonesia Inc. Ltd.

- n Micro and Small Modification Project at Block B Natuna Sea Area (Contract No. CS-16982315).
- Offshore Coating Maintenance Services Call Off (Contract No. CS15636227).

- Blasting and Painting Services (Contract No. CS70-11423).
- Construction Welding Services (Short Term) (Contract No. : CS70-12081).
- Sumatera Flowline Upgrade services (Contract No. GCCJ-9799).
- Piping & instrumentation Work for WHPA Belanak (Contract No. CS70-12033).
- Construction and Welding Services (Long Term) (Contract No. : CS70-12015).
- Flowline remediation part 2 services (Contract No. : GCCJ-12324).
- Riser Porch Modification Work (Contract No. : CS70-12628).
- Offshore Welding and Fabrication - Belida and Hangtuah (Contract No. CS 13568895).
- Support Services (Welding and Fabrication) for Offshore Operation (Contract No. CS-13516089).
- Dayung Camp Renovation Services (Contract No. CS13888457).
- Flowline Modification Belanak Arang B13 Infill (Contract No. CS-14146944).

PC Muriah Ltd.

- Provision of Painting, Welding, Scaffolding, Rigger and Compressor Rental Services For Preservation (Contract No. SO 4500015349).

PC Ketapang II Ltd.

- Air Compressor and Dryer Rental Services (Long Term) (Contract No. 4750001246).
- Provision of Facility Maintenance and Repair Services for Bukit Tua and Kepodang Field (Contract No. 4750001270).

BP Berau Ltd. / BP Indonesia

- Provision and installation of Main shaft of composter machine & Dewatering machine and shorting table (Contract No. 4800032520).

Star Energy (Kakap) Ltd.

- Provision of Deck Extension for KRA South-2 Tie in (Contract No. 4200001666).
- Provision of Kakap offshore Fabrication and Construction Supporting Services (Contract No. 4200001377).
- Provision of Kakap Platform Facility Maintenance, Construction and Fabrication Services (Contract No. 4200001255).
- Provision of welding Services for Compressor Re-Wheeling at KF Platform (Contract No. 4200000504).

- Skid Base and Compressor Services (Contract No. ENG-0042).
- Offshore Construction Welding Services (Contract No. ENG-0027).
- Kakap Offshore Welding and Fabrication Services (Contract No. 71010077-OS).
- Provision of 2 Years Welding Blanket Services (Contract No.10510011-OS).
- Provision of Kakap Welding & Fabrication Services (Contract No. No.81010105 – OS).
- Offshore Construction Welding Services (Contract No. ENG-0027).
- Kakap Offshore Welding and Fabrication Services (Contract No.71010077-OS).
- Provision of 2 Years Welding Blanket Services (Contract No.10510011-OS).
- Provision of Kakap Welding & Fabrication Services (Contract No. No. 81010105 – OS).
- Provision of Welding Fabrication & Facility Construction Services (Contract No.81010142-OS).
- Provision of Kakap Offshore Welding & Fabrication Services (Contract No.10100027-OS).
- Provision of Kakap Offshore Welding and Fabrication Services (Contract No.10100077-OS).
- Provision of Welding Services for Compressor Re-Wheeling at KF Platform (Contract No. 4200000504).

Star Energy Geothermal (Wayang Windu) Ltd.

- Provision Of Welding Blanket Services (Contract No. 3200000062).
- Provision of Two (2) years Welding Blanket Services (Contract No. 10510011-OS).
- Provision of Separator Vessel 005 & Steam Outlet Piping Repair Services (Contract No. 10510020-OS).
- Provision of Welding Blanket Services (Contract No. 4200000502).

Halliburton Far East Pte. Ltd.

- Fabrication Work Onshore / Offshore (Contract No. : BEL SC157).

PT. Chevron Pacific Indonesia / Chevron Indonesia Company

- Contract Dumai Terminal Facilities Maintenance (Contract No. 3308 – OK).
- Contract Dumai Terminal Facilities Maintenance (Contract No. 3798 – OK).

- Contract Services for Terminal Operation Maintenance Facilities at Dumai (Contract No. 3147 – OK).
- Electrical and Instrumentation Services (Contract No. C1436536).
- Provision of Electrical and Instrumentation Services (Contract No. C775368).
- Call Out Construction Welding Services (Contract No. C1052881).

PC Ketapang II Ltd & PC Muriah Ltd.

- Provision of Facility Maintenance and Repair Services For PCK2L and PCML Blocks, (Contract No. 4850000236).

BP West Java Ltd / PT. Pertamina Hulu Energi ONWJ

- Technical Services Contract for Fabrication, Installation and Maintenance Services (Contract No. 4710001003).
- Technical Services Contract for Fabrication, Installation and Maintenance Services (Contract No. STC-0789).
- Fabrication, Installation, and Maintenance Services (Contract No. STC-0368).
- Fabrication, Installation, and Maintenance Services (Contract No. STC-0572).
- Blanket Construction, Fabrication/Installation Maintenance Services (Contract No.STC-0213).
- Blanket Construction, Fabrication/Installation Maintenance Services (Contract No.STC-0319).

Santos (Sampang) Pty. Ltd.

- Provision of Engineering, Procurement, Fabrication and Installation Services (Contract No. 901594).
- Provision of Call Out Scaffolding Services (Contract No. 901593).

PT. Pertamina Hulu Energy West Madura Offshore (PHE WMO)

- Provision of Facility Maintenance and Repair (Contract No. 174/TS/FEI/14).
- Provision of Call Out Contract Facilities for Coating Refurbishment and Repair (Contract No. 157A/TS/TES/12).
- KE23 Coating Refurbish & Minor Repair (Contract No. 9420004043).

Inpex Masela Ltd.

- Provision Engineers Services (Contract No. O&M/MAS/DS/2011/88).
- Provision Engineers Services (Contract No. O&M/MAS/DS/2011/165).
- Professional Engineers Services SR. Marine Engineer (Contract No. OPE/MAS/DA/2013/120).

TAC Pertamina – PT. Peralahan Arnebatara Natuna (PANatuna)

- Refurbishment of 2" Gas Lift Line (Contract No. 108/S/UDANG/PAN-GP/III/10).
- Refurbishment of 6" Flowlines Services (Contract No. 101/S/UDANG/PAN- GP/III/10).
- Refurbishment of of Boat Landing and Rubber Fender of Production Platforms of Udang Field Natuna (Contract No. 101/S/UDANG/PAN-GP/III/10).
- Blasting and Painting Services (Contract No. 048/S/UDANG/PAN/II/08).
- Flowline Bundle and Riser Fabrication (Contract No. 156/S/UDANG/PAN-GP/III/12).

HESS (Indonesia – Pangkah) Ltd / Saka Indonesia Pangkah Ltd.

- Design, Fabrication And Construction Services Contract For Ujung Pangkah Onshore – Offshore Facility (Contract No. 4600012166).
- Provision of Scaffolding Rental Services For Pangkah Onshore and Offshore (Contract No. 4600012234).
- Design, Fabrication And Construction Services Contract For Ujung Pangkah Onshore – Offshore Facility, Gresik – East Java (Contract No. 4600010297).

- Provision of Coating Internal Vessel for Onshore Processing Facilities (Contract No. 4600007911).
- Major Maintenance Services for Ujung Pangkah Processing Facilities (Contract No. 4600007871).
- Provision of Fabrics Maintenance Services (Contract No. 4600007252).
- Major Maintenance Services Contract for Ujung Pangkah Onshore Processing Facilities Gresik East Java (Contract No. 4600010032).
- Provision of LPG Sphere Tank Fireproofing (Outer Insulation) Repair (Contract No. 4600011156).

PT. Pertamina Drilling Services Indonesia

- Jasa Sewa Welding Habitat Untuk Operasional RIG PDSI #32.2/N80UE-E Lhoksukon, Lhoksumawe NAD (Contract No. 4650009725).

PT. Donggi Senoro LNG

- General Maintenance Services Contract (Contract No. IFE-SCM-CMG-AGR-AGR-2016-0417).

JOB Pertamina - Medco E&P Simenggaris

- Jasa Manajemen Supervisi Pemeliharaan Fasilitas Produksi 2017 - 2019 Blok Simenggaris (Contract No. 3510005715).
